

# Thank you for leading a group at Eagle Brook!

## Here are a few tips to help you get going:

- › Please fill out the Group Registration Form online that was emailed to you. We will use this information to create your group in our database, MyEBC. Once your group is created, you will get an email letting you know it's ready. Make sure to log in at that point to ensure your info is correct!
- › Respond to requests to join your small group within one week or less (this is for groups who are using Group Finder to advertise their group). We want each person to have a great experience when looking for a group to join. For a lot of people, this is a big step to take!
- › Keep your roster updated in MyEBC. Anytime a new person joins, make sure to add them to the roster. And, when someone leaves your group, make sure to remove them.
- › Read through your leader packet—it's created with you in mind! We want to help you get off to the best start possible as you begin your group.
- › Check out [ebcgroupleaders.com](http://ebcgroupleaders.com)! This is our group leader website and it has a lot of great resources for you including podcasts, upcoming trainings/events, recommended curriculum, etc.

If you have any questions, please contact your pastor of groups.
