

Small Group Discussion

Date 9/18/19

Message Title Play to Win

Start Here

Welcome to small group! Spend some time catching up and getting to know each other better. Share your name, where you go to school and a favorite event from the summer.

Question + Response

What stood out to you from Mark's message?
What are some of the ways that we can show God that we love Him?
Do you think that doing things for God makes Him love us more? Why or why not?
How can we practice loving others this week?
If we show love and care for the other students in GZ, how will that make us a better team?

Leader Insight

Your focus this year is to LISTEN to and to LOVE the students in your small group. If we do these two simple things, we will create an environment where students are known and valued and where they want to come back week after week. Start week 1! Listen well—your students should be doing most of the talking! Show love—reinforce that it matters that they are there. And be sure to invite them back next week!

Application/Suggestion

What is one way you will show love for God this week? What is one way you will show love to others this week?
