

1. How long have you been working with your care receiver?

2. How often do you meet face-to-face with him/her?

3. Has the frequency or length of your meetings changed since your last in-depth report?
 - a. If so, describe the change and the reason for the change:

4. Are there other care givers (i.e, psychiatrist, psychologist, counselor, social worker, medical doctor, visiting nurse, etc.) involved in caring for your care receiver?
 - a. If so, list the care giver and describe his/her role in providing care:

5. Have any of these relationships changed since your last in-depth report?
 - a. If so, describe the change and the reason for the change:

6. What is your understanding of your care receiver's current need, concern or challenge?

7. What process-oriented ministry goals do you have for the caring relationship?

8. How do you feel about your relationship with your care receiver?

9. How do you think your care receiver is responding to your ministry?

10. What has been going well in your caring relationship?

11. What has been challenging, frustrating or problematic for you in your caring relationship?

12. Describe your future focus (i.e. referral to mental health professional or other community resource, focus on spiritual concerns, closing of relationship, etc.) of the caring relationship:

13. How can your supervision group assist you at this time?

14. Are there any focus questions/sets that your supervision group can use to discuss your caring relationship?

a. If so, reference the questions/sets:
