

1. Briefly describe your care receiver's situation and/or needs.
2. What does your care receiver need most from the caring relationship?
3. What process-oriented goals do you have for the caring relationship?
4. Are you using any materials or resources? If so, what?
5. What is going well in the caring relationship?
6. What is not going well or needs improvement?
7. What can your supervision group do to assist you in being a better care giver?
