

# CONNECTED

## Week 6 | I can help others.

### Talk About It

- **Who helped Moses in our Bible Adventure?** (His brother, Aaron)
- **What are some ways you could help your friends and family members?**

### Try This at Home

Brainstorm ways that your child could help others. Then give opportunities for them to help you this week. Some ideas are setting the table, pulling weeds, putting away groceries, cleaning up toys, making a meal, helping a sibling, etc. Let your child know how thankful you are for their help!

### The Point

There are so many different ways we can help our friends and family members!
