

MADE FOR More

Sept. 9/10
Dream Big
Bob Merritt

God wants your life to be more than mediocre—He created you to do great things. But it all starts with a dream. When we dream big, we will begin to discover our purpose and find where God is calling us.

Discussion Questions

1. How would you currently describe your life—your job, relationships, motivation, and dreams?
2. What would you do with your life if money were no object and there was a guarantee that you wouldn't fail?
3. **Read Philippians 4:8.** Does your thought life tend to lean toward those things or do you tend to think more negatively? How can you start to change your thought patterns?
4. What dreams have you had in the past that you gave up on? How different would your life look today if you had pursued those dreams? What actions can you start taking to make those dreams—or even new dreams—a reality?

Challenge

This week, make a list of the dreams and hopes you have. Share these with your spouse or a close friend. Write down what steps you need to take to get going on them, then make a commitment to start now.

Commit to Memory

I can do all things through Christ who gives me strength. **Philippians 4:13**
