

Student Ministries is passionate about preparing students to be lifelong followers of Jesus through relevant environments where students feel welcome and safe, have fun, feel known and loved by others, and grow in their relationship with Jesus. As the key contact person for the retail operations, you will develop a team of leaders that are empowered, equipped, and inspired to lead others in this mission.

The Large Group Host team creates an amazing experience for all students by hosting the large group time, welcoming them into it, and assisting small group leaders in ensuring a safe and positive large group experience is had by all. Here's how we do it:

Being Prepared

- Read weekly communications from your leader prior to student services.
- Check in with your team lead at scheduled time to receive instructions, connect with your team, and prepare to serve.
- Be committed to your serving time and locate a sub if you are unable to serve. With the impact of your role in mind, communicate any changes with your team lead.

Fostering an Inviting, Safe Environment

- Rotate through large group areas to ensure environments are free from disturbances.
- With firm kindness, understand and use the discipline policy if necessary.
- Collaborate with team to monitor problem areas.
- Build positive relationships with students that routinely cause a disturbance.

Hosting Students Throughout Their Experience

- Proactively seek out and welcome all students, guests, and parents.
- Enthusiastically engage all students by introducing yourself, worship alongside them, and take in the teaching with them.
- Identify ways to personalize the experience, develop relationships, and guide all students towards a positive large group experience.
- Connect new students to other students their age and a volunteer leader to sit next to during large group, ones who are connected to a small group.
- Connect with new students at the end of the night and, if possible, next week's service to hear about their experience.
