

Student Ministries is passionate about preparing students to be lifelong followers of Jesus through relevant environments where students feel welcome and safe, have fun, feel known and loved by others, and grow in their relationship with Jesus. As the key contact person for the retail operations, you will develop a team of leaders that are empowered, equipped, and inspired to lead others in this mission.

The Parking team makes a great first impression by guiding and directing parents and students through the parking, pick up, and drop off experience so they feel welcome and safe. Here's how we do it:

### Being Prepared

- Read weekly communications from your leader prior to student services.
- Check in with your team lead at scheduled time to receive instructions, and prepare to serve.
- Be committed to your serving time and locate a sub if you are unable to serve. With the impact of your role in mind, communicate any changes with your team lead.

### Fostering an Inviting, Safe Atmosphere

- Come dressed for outdoors and pick up your safety vest, wand, radio, and special weather gear prior to midweek services.
- Set up cones and signs as directed by team lead.
- Direct cars with clear signals as they enter the parking lot from your assigned area.
- Always smile and greet people as they enter and exit the lot. Welcome and engage students and parents as they get out of their cars. Identify if special assistance is needed.
- Carefully watch pedestrian traffic. Make eye contact as you give pedestrians clear instructions regarding when and how to cross traffic.
- Return parking gear and supplies to proper storage location.
