

TRAILBLAZERS

Group Time Guide

Supplies Needed: 1 Ziploc bag of Legos

1. Getting Started

Ask: If you could invent anything, what would it be?

2. Discussion Questions

- Have you ever created something that was really special to you? What was it?
- When you create something important to you, do you rush through it to get it done quickly or do you take time to think about the details?

3. Hands-On Option

Look Up and Read: Ephesians 2:10. This verse talks about how God made us to do good things.

Say This: The same God who created the whole world, created each one of us. I am going to try to create something right now. I have a bag of Legos and I am going to create a house with them. All I need to do is shake this bag and all the pieces will come together!

Do This: Hold up the bag and shake it. Talk about how that didn't work. Try shaking it again in different ways and ask a few kids to try shaking the bag to make a house.

Discuss: Do you think these Legos will ever come together just by shaking this bag? What do I need to do to make a house out of these Legos?

The Point: To create something, there has to be a creator. Nobody here was an accident. Each one of you were carefully and thoughtfully created by God to be just the way you are. You are unique and there is no one else in the world just like you!

4. Wrap-Up and Prayer

Ask: What was the best part of your week? What was something tough that happened this week?

Do This: Pray with the kids.
